ABOUT THE NOTARY BOND ·

Most states require a notary public to procure a **notary bond** as a prerequisite of appointment. This special surety bond protects the public from errors, omissions, dishonest acts and general negligence of the notary, guaranteeing **faithful performance and discharge** of all duties of the position as well as payment to parties that suffer monetary damages from the notary's failure to discharge those duties. A handful of jurisdictions require **individually underwritten** notary bonds; Janus Underwriters, Ltd. prepares a **bespoke quotation** for each. Discounted **Notary Errors & Omissions (E&O) insurance** is also available to notary bond purchasers.
